Description

Aujourd'hui, les Etats-Unis déversent sur le monde un flot ininterrompu d'images sans parvenir toutefois à noyer le Verbe, comme en témoignent les discours du président Barack Obama, maître reconnu de l'éloquence politique. Obama est bien le digne héritier de cette tradition verbale, dont les productions sont autant de documents précieux pour mieux comprendre ce pays. L'objectif de ce manuel est de rendre compte de cette richesse. Pour ce faire, cent textes ont été retenus et l'on s'est efforcé de les replacer dans leur contexte thématique et historique. Les thèmes retenus l'ont été pour leur pertinence passée et présente et les analyses proposées aux lecteurs suivent donc une logique chronologique. Cet ouvrage est le fruit de plusieurs années d'enseignement de la civilisation des Etats-Unis et il n'a d'autre ambition que d'offrir aux étudiants un outil leur permettant de mieux en aborder l'étude.

American civilization : texts and context / Gildas Le Voguer. Date : 2012. Editeur / Publisher : Rennes : Presses universitaires de Rennes , DL 2012. Type : Livre /
